The NEARITY V410 is a 2K PTZ conference camera. Featuring a 2k imaging system, it delivers studio-quality video, always keeping you looking like a pro even in a slightly challenging environment. The NEARITY V410 has a 350°pan range and 120°ultra-wide-angle, 3x optical zoom lens, which allows framing everyone in. Its quick autofocus captures the details in a breeze, even at a distance.

The privacy protection design considers your privacy. It's a great conference camera to upgrade your medium-size meeting spaces.

Product features

Premium studio-quality video, More than a pro

With a 2k QHD image, 120°ultra-wide-angle and 3x optical x 3.3x digital zoom lens, Nearity V410 delivers remarkably clear video with details.

High dynamic range imaging for light challenged space

Automatic lights adjustment ensures you stand out, even in poor lighting conditions.

We consider your privacy

When the video is deactivated on UC software, the camera lens will automatically swivel from the original position to the rear, reassuring the enterprise security.

Refresh your space with engineering elegance

The NEARITY V410 is an elegant industry design that fits your business environment well and will surely refresh your meeting space for the better.
